OUR THOUGHTS

I am your robot pet!

MEET CHIP, THE ROBOT DOG

I am your robot pet!

PETS FACT BOX

All animals
have feelings

Humans are
responsible
for pets

Animals
are protected
by law

Any changes
to a pet's normal
behaviour should
be checked
by a vet

I am your robot pet!

WHAT DO WE THINK ABOUT PETS?

I am your robot pet!

**WHAT COULD
THE ROBOT DOG DO?**

**WHAT COULDN'T
THE ROBOT DOG DO?**

I am your robot pet!

THE NEEDS OF ANIMALS

1

Environment

Animals need a place where they can rest and sleep safely with plenty of space to move around, and access to an exercise space.

2

Food and water

Just like humans, animals need the right diet. Animals need access to fresh clean water and the right type and amount of food to keep them fit and healthy.

3

Natural behaviour

Animals should be able to perform normal behaviour. Whether they like to run, jump, dig, fly or slither, they should have the space and environment to do just that!

4

Company

Some animals like company, and might even get lonely if left on their own. Other animals like to live alone, and so live independently in the wild and are kept on their own if a pet or farm animal.

5

Protection from harm

Animals should be protected from pain, suffering, injury and disease. Pets and farm animals need regular check ups from a vet. Wild animals need us to protect their habitats and to leave them alone as much as possible.
