## OUR THOUGHTS

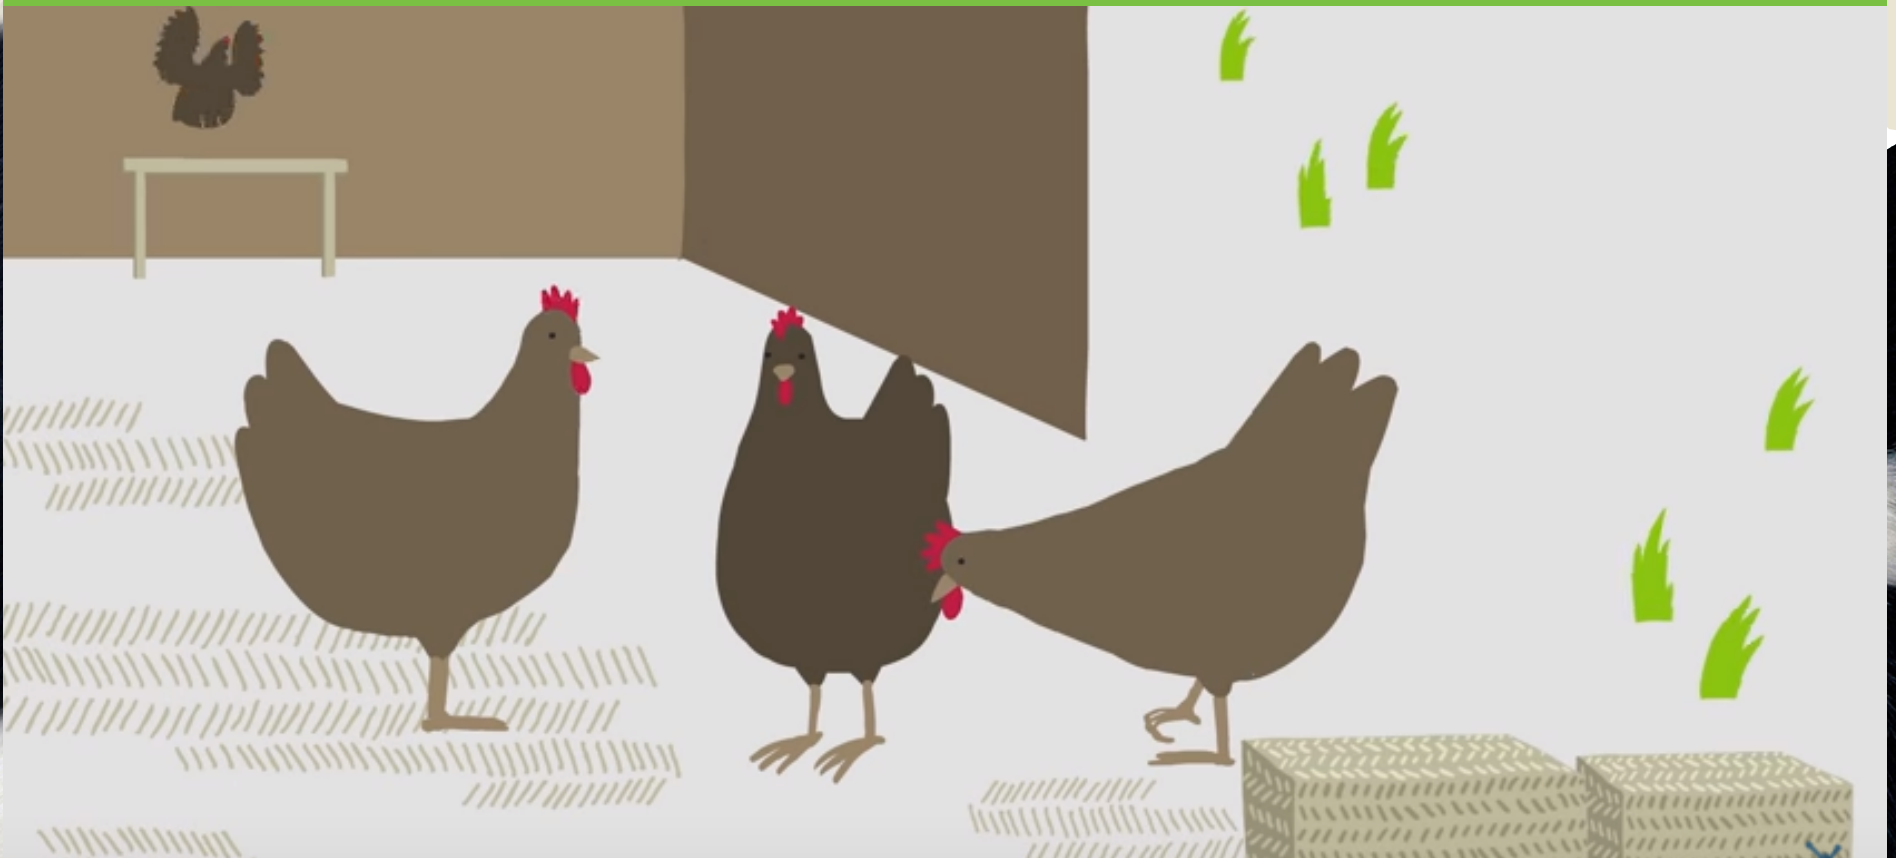

# Stimulus

**WATCH THE FILM TO HEAR WHAT FARM ANIMALS  
NEED TO STAY HAPPY AND HEALTHY**

# Which animals are not having their needs met?

outdoor pig

indoor pig

free range hens

barn hens

caged hens

# What does the RSPCA think?

## IMAGINE YOU ARE AN RSPCA ASSURED ASSESSOR

Farm animals have emotions and feelings, and to keep them happy and healthy their needs must be met.

RSPCA Assured approves farms that meet higher animal welfare standards.

Animals must have plenty of space, enough light, a comfortable rest area, things to stop them getting bored and shelter from the weather.

## VISIT TO THE FARM

What would you look out for and what would you ask the farmer to make sure the needs of the farm animals are met?

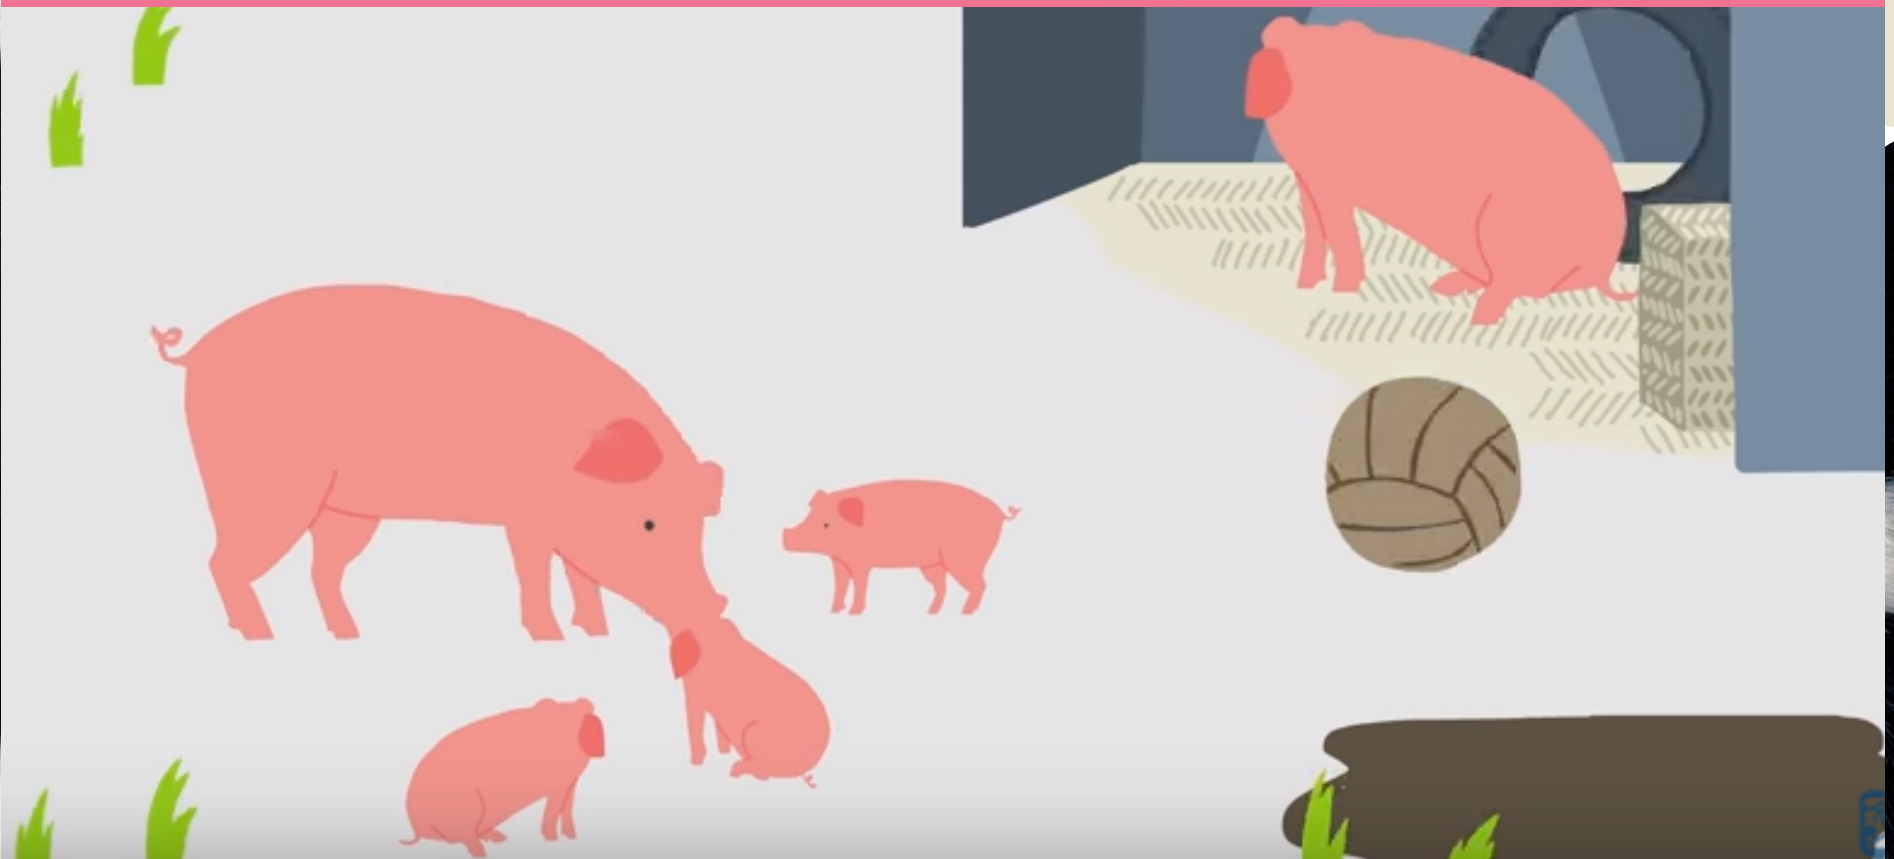

## Session summary

## RSPCA ASSURED CHECKLIST

☐ Is there enough bedding - are the rest areas comfortable?

☐ Are the animals free to move around?

☐ Do the animals have enough space?

☐ Do the animals have shade and shelter from the weather?

☐ Is the environment enriched - does it have things to stop the animals getting bored and let them act naturally?

☐ Is it well lit?
