

Safeguard wildlife

Spotting hazards

In this activity, you'll carry out a wildlife safety check in your garden or outdoor space. Your task is to look carefully for anything that could pose a risk to animals. For each potential hazard below, decide whether the area is safe or not safe, and make notes on what signs to look out for.

Drowning/Falling

Safe Not safe

What did you notice that makes it safe or unsafe?

Sharp objects

Safe Not safe

What did you notice that makes it safe or unsafe?

Spotting hazards

Tangled/Stuck/Trapped

Safe Not safe

What did you notice that makes it safe or unsafe?

Poisons
